## Our common home

Today we mark the first Sunday of the **Season of Creation** 2020 which runs until **4 October**. This special season in the church calendar celebrates the joy of creation.

We are reminded during this time of our duty to care for what Pope Francis calls 'our common home'. When we hear the word 'home', we tend to think of the immediate place where we live and the people we share it with--our house or living space and our immediate family, neighbours and community. Each of us lives within a particular web of relationships that we call home. But we must be conscious too that we live in a wider relationship with the earth and all of creation. **We all live in a common home, and we all must care for it, and for each other.**

In this Season of Creation, we remember in particular those across the world who are suffering as a result of environmental damage. The way we live on this earth has consequences for the world and its peoples, and indeed for future generations.

Over the next few weeks, let us consider how we might make some changes that reflect our care for others and for our common home

***'We need to strengthen the conviction  
That we are one single human family'***

(Pope Francis, Laudato Si)
